

perience
the Smartest way of Dispensing with
SMART® XL

- ◆ 32 Canisters, yet same footprint
- ◆ 2x Faster, Simple & Reliable
- ◆ Easy logistics

As the machine is derived from **X-SERIES** platform, the **X-SMART XL** is designed for simplicity in installation, operation and service. Why? To ensure consistent trouble free tinting in your paint department.

The **X-SMART XL** automatic paint dispenser enables you to expand your market and explore new POS channels and opportunities.

X-SMART XL is available upto 32 canisters with your choice of decorative and solvent canister configuration, yet compact in size can fit into any small or mid-level size outlet.

The compact packaging minimizes transport costs and it can be assembled in a matter of minutes. The innovative modular design makes the **X-SMART XL** easy and cost effective to maintain.

X-SMART XL: Simplicity makes sense. Our aim was to provide our customers with a trouble-free solution. Their daily operation is best served with an affordable and reliable dispenser: compact, low maintenance and user-friendly.
